

TO OBSERVE LABOR DAY

Plans for Great Demonstration
Now in Hands of Committee
From Council.

OPEN MEETING A SUCCESS

Members of Tobacco Workers
Entertain—Meeting of Trades
Council Last Week.

Labor Day, 1904, will be celebrated by
organized labor of this city in a manner
that will reflect credit upon all who
participate.

The day to the man who toils
has no less a significance than does
the celebration of the "Glorious Fourth."
So was Labor Day designed by those
of the foremen in the cause, to be
celebrated in a manner that would be
patriotic and law-abiding citizens.
The millions of toilers who are enlisted
under the banner of unionism throughout
the broad expanse of this country hallow
the day with reference and pay their
homage to those who have made it possible
for them to enjoy the fruits of a
"fair day's pay for a fair day's work."

With this end in view, the Central
Trades and Labor Council of this city
last Monday night inaugurated an early
movement for an elaborate celebration.
The matter was discussed thoroughly by
a number of the delegates, and all agreed
that special efforts would be made to
celebrate all former demonstrations. After
the discussion, President Ryall, who is
committee of five from the council, who
in conjunction with one member from
each local union, will meet and exchange
ideas and formulate plans which will be
reported to the council at its next meeting,
on June 25th. If then the report of the
committee is adopted, the council will
then plan the parade and when the
day comes organized labor will do itself
proud.

The members constituting the committee
from the council are: T. V. Ridd, chairman;
H. L. Granger, T. J. Martin, J. O. Harris
and Daniel McCallum.

Open Meeting a Success.

The open meeting of the Tobacco Workers
of this city Friday night was a pronounced
success. About 100 members were in attendance
as well as a number of people prominent
in the labor movement in this city.

In the absence of President Berry,
who was detained at home on account of
sickness, Mr. W. R. Valden presided.
The West End Angels rendered several
selections during the evening, and a
member of the organization sang two
"coon songs" with great effect.

Officers for Plumbers.

The Plumbers, Gas and Steam Fitters,
No. 19, in its regular meeting on Thursday
night elected the following officers for
the ensuing term: Past President, C. B. King;
President, J. A. Dwell;
Vice-President, C. E. Gaylor; Financial
Secretary, J. J. Powell; Recording Secretary,
E. C. Hicks; Treasurer, James T. Gray;
Inspection, W. C. Bailey; Boot and Shoe
Workers, J. C. Barnes.
At the next meeting of the union a
delegate to the International Convention
to be held in Birmingham in August will
be chosen, and Mr. J. J. Powell, who represented
the local at the State Federation of
Labor in Norfolk, and who has been
for over four years financial secretary,
is the only one spoken of for the honor,
and should be sent to represent
the union. It is safe to predict that
he will be heard from favorably in the
big body.

Trades and Labor Council.

An unusually large number of delegates
were present last Tuesday night at the
semi-monthly meeting of the Central
Trades and Labor Council. Nearly every
craft in the city was represented, and
the session was one of the most interesting
that has been held for some months.
An immense amount of business came
before the council, and it was hurriedly
dispatched. A communication was received
from the president of the International
Glove Workers' Association, acknowledging
the receipt of a donation for the locked
out glove-workers of Gloversville and
Johnston, N. Y. The communication also
said that the situation was the same, and
there did not seem to be any immediate
chance for a settlement of the difficulties
unless financial aid was received.
The roll-call on state of trade
disclosed the fact that most of the
crafts were in an era of prosperity, several
delegates reporting their trades to be
in an extra flourishing state.
One of the most interesting features of
the meeting was the address of Secretary
Hess, a clear and forcible speaker, related
the incidents leading to the or-

ganization of the repairers in a most
concise way. Mr. Hess has traveled con-
siderably, and his observations in craft
made his remarks all the more inter-
esting. This was the first appearance of
the delegates before the council, and
they left a good impression on the other
delegates.

Ask for Union Labor.

By virtue of a resolution passed by the
Central Trades and Labor Council, Secretary
Mullin will write a letter to each
member of the Capital Commission urging
them to specify that only union labor be
employed on the addition to the State
Capitol. There are several new members
on the commission at present, hence this
action of the council. Through the efforts
of Mr. Eben C. Folkes, who was a
member of the old commission, it was
agreed that only union labor should be
employed, but it was thought expedient
by the council to have the new commission
endorse that part of the old commission's
action. It is generally conceded that
there will be no opposition to the
embodiment in the specifications of the
change requiring only union labor. The
following committee was appointed by
President Ryall to wait on the commission
at its next meeting: Messrs. Bradley,
Martin and Phoenix.

Machinists' Informal Smoker.

Quite a little surprise was in store for
the members of Lodge No. 10, International
Association of Machinists, on last
Monday night, when the weekly
meeting of the lodge was held. Several
of the members constituted themselves
an entertainment committee, and for the

employment of all they prepared an infor-
mal smoker. Nothing was said about
the affair until after the routine business
had been transacted, and then the com-
mittee set before the members a splendid
luncheon and good. The most
pleasant hour was spent, during which
time several speeches were made by the
members.

Many New Delegates.

The following new delegates were
seated at the meeting of the Central
Trades and Labor Council on Tuesday
night: Barbers' Union, No. 92, Salvatore
Cassatta, R. G. Banks and George W.
Jaunderson; Brotherhood of Book-
binders, No. 12, Bailey, Boot and Shoe
Workers, Richmond local, J. A. Chittum,
L. G. Riddell, Samuel Rowsey, H. C. Hess and A. J. C. Barnes; Paper-
hangers and Decorators, No. 229,
D. M. Sharpe, J. C. Napier and J. E. Williams.

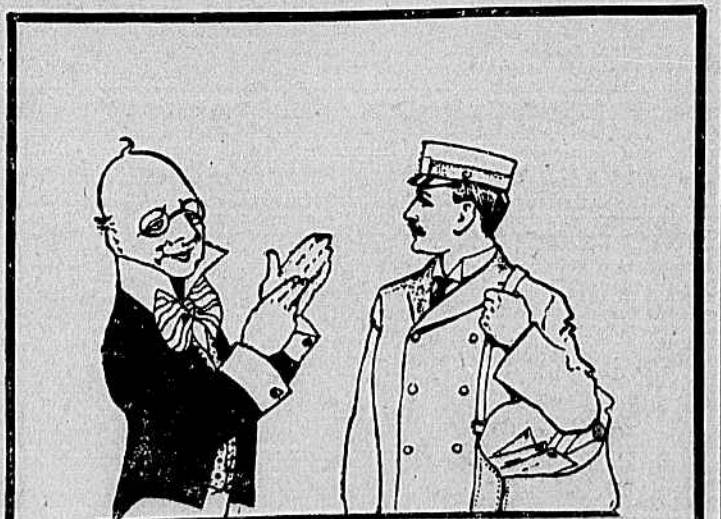

Will They Amalgamate?

The organization in this city of a local
of Boot and Shoe Workers' International
brings to notice the proposed plan of
amalgamation of all of the leather workers
of this country. The plan is proposed
by Marcus Walte, general of-
ficer of the Amalgamated Leather
and the American Federation of Labor.
If Mr. Walte succeeds with his work in
this direction, and there is every reason
to believe that he will, it will mean the
uniting of five international with a mem-
bership of 40,000, the new organization
to be known as the Leather Workers' Federation.

The approximate strength of the
union to be amalgamated is: Amalgamated
Leather Workers, 15,000; Boot and Shoe
Workers, 15,000; International Leather
Workers, 5,000; Glove Workers, 25,000;
Traveling Goods Workers, 10,000.
The question will be brought before the annual
convention of the Amalgamated
Leather Workers, to be held in Chicago
on July 4th.

Labor Exhibit at Fair.

Samuel Gompers, president of the
American Federation of Labor, has made
the organization at the Louisiana Pur-
chase Exposition in St. Louis. The ex-
hibit, composed of fifty-four articles,
has a historical value from the view point
of organized labor and will be displayed
in a private booth, which, though simple
in design, is regarded as one of the pret-
tiest of the fair. The display is largely made up of pic-

“FORCE” gives you real strength
and gumption, so that you like to work.

It's a great cure for hot-weather
laziness.

Sunday Jim

The will to work comes from certain constituents in food—the
Phosphates, Nitrogen, and Potash.
Certain foods are richer in these constituents than others, and
are converted more readily into Energy.
“FORCE” is one of those foods concentrated.
It consists of the vital things in Wheat—the Phosphates, Nitro-
gen, and Dextrin, pre-digested for enough to assimilate almost as
soon as eaten.

VIRGINIA BEACH

(Special to The Times-Dispatch.)

VIRGINIA BEACH, VA., June 18.—
This season's wave of popularity and every-
thing has on its brightest aspect, for the
daily arrivals are fast filling the hotel,
and soon all rooms will be taken.
The season's wave of popularity with the northeast
winds making a high surf, brought many
people to see the glorious sight of old
ocean in its maddest waving and raging
against the beach, breaking in great
white billows in a long line as far as the
eye could reach. It was a grand sight,
and the number of guests could do little
but gaze at it in its over-changing beauty.
But for the last few days there is a great
difference, and the bathers now are seen
in large numbers every afternoon stroll-
ing in the surf.

The orchestra is now playing at the
Princess Anna, and the dancing of the
young people does much to enliven the
night.

BURKEVILLE CREAMERY.

Appointed to Look Into It.

(Special to The Times-Dispatch.)
BURKEVILLE, VA., June 18.—A
movement is on foot here to establish
a creamery. Mr. E. W. Geyer, of Iowa,
has been on the ground for some weeks
making investigations as to the feasibility
of locating and successfully operating
such an enterprise in this section. A
meeting of prominent business men was
held at Hotel Burkeville recently, and the
matter discussed for several hours.
Among those present were Messrs. C.
E. Wenter of Crewe; D. S. Sandy, W. L.
Borger, P. R. Eldridge, J. L. Bradshaw,
and J. P. Dalhousie, of Burkeville; Profes-
sor W. D. Saunders, of Blacksburg; W.
